**RESULTS NOTE: FIRST QUARTER 2017** 

# REIG JOFRE CLOSES THE FIRST QUARTER OF 2017 WITH GROWTH OF 6% IN NET PROFIT, UP TO 2.1 M€

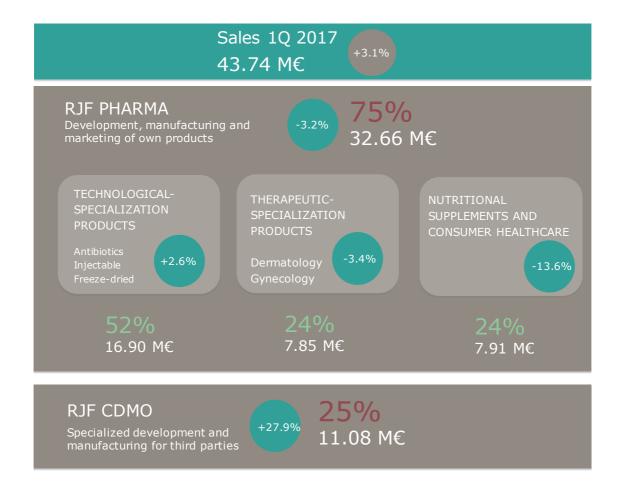

- The company reached a turnover of € 43.74 M (+3.1%) and EBITDA of € 4.26 M (+3.7%).
- The improvement in the financial result and a reduction in the tax rate allowed Reig Jofre to increase its net profit by 5.8%, to € 2.08 M.
- Reig Jofre convened its Shareholders' Meeting for June 8, 2017, where it will submit the first dividend after the merger between Natraceutical and former Reig Jofre.

## SALES EVOLUTION

Reig Jofre closed the first three months of 2017 with a **turnover** of 43.74 million euros, compared to 42.41 million euros in the first quarter of the previous year, a growth of 3.1%.

The company's own development area (RJF Pharma), representing at the end of March 75% of the company's total turnover, decreased sales in 3.2%, to 32.66 million euros compared to the same quarter of the previous year, mainly affected by the weak evolution of the nutritional supplements segment. The development and production services for other pharma companies (RJF CDMO), which contributed 25% of the quarter's sales, evolved positively by 27.9%, and set its turnover at 11.08 million euros, highlighting in this first quarter an excellent evolution of the services developed from the facilities of topical dermatological products that the company has in Sweden.

(\*) Due to contract changes, in the first quarter of the year the company carried out a reclassification of sales of two products from RJF Pharma, which became part of RJF CDMO. Sales from these products were 0.58 million euros in the first quarter of 2016. The figures presented in the graph above include this reclassification for the two years, so that they are comparable.

By product categories, RJF Pharma's segment of <u>technological-specialization</u> <u>products</u> (antibiotics and injectable products) accounted for 52% of this division's sales and stood at 16.90 million euros turnover against 16.47 million euros in the same period of 2016 (+2.6%). The circumstances that affected the evolution of the antibiotic segment in 2016 (delays in the supply of raw material, mainly) showed signs of recovery in the first three months of 2017, and this trend is expected to continue throughout the year.

Sales of <u>therapeutic-specialization products</u> in the areas of dermatology, respiratory and gynecology stood at 7,85 million euros, 24% of the total RJF Pharma division, with a decline of 0.27 million euros (-3.4%) compared to data from March 2016. This was mainly attributable to the dermatology segment, but without any cause

that makes predict a change of trend in a traditionally growth segment for Reig Jofre.

Finally, the segment of <u>nutritional supplements and consumer healthcare</u> contributed 7.91 million euros to this division's sales, 24% of the total, and showed a contraction of 13.6%.

Reig Jofre is working from different angles to modify the trend of its segment of nutritional supplements, in a plan that is expected to give some positive outcome throughout this year.

## OPERATIONAL BUSINESS EVOLUTION

The increase in turnover of 3.1%, coupled with an improvement in the gross margin, which rose from 60% to 63%, enabled the company to set its **EBITDA** at 4.26 million euro, an increase of 3.7% compared to the same period of the previous year, despite an increase in operating- and personnel expenses.

Following an improvement in the financial results (mainly due to the positive effect of exchange differences) and a corporate tax estimation of 15% (18% in the first quarter of 2016, adjusted to 13% at the end of 2016), the company's **net result** stood at 2.08 million euro, 5.8% higher than the first quarter of 2016.

Reig Jofre has got capitalised tax credits amounting to 11.66 million euro, so the effective tax rate at year-end is expected to be around 10%-12%.

At the end of the first quarter, net financial debt stood at 27.61 million euros which represents 1.7 times 2016 EBITDA. The calculation of net financial debt does not consider financial incomes due on June 30, 2017, amounting to 8.5 million euros.

## FIRST DIVIDEND AFTER THE MERGER BETWEEN NATRACEUTICAL AND REIG JOFRE

Reig Jofre convened its Shareholders' Meeting for next June 8, 2017, where it will submit to approval, among others, the first dividend after the merger between Natraceutical and former Reig Jofre.

As per the company's will to initiate a shareholder remuneration policy, which is in turn compatible with ongoing growth projects, the board of directors of Reig Jofre will submit to the Shareholders' Meeting approval a scrip dividend, allowing Reig Jofre's shareholders to receive, if they so wish, shares issued by the company, but

without limiting their possibility of receiving in cash an amount equivalent to the payment of the dividend, if that is their total or partial choice.

To that end, the board of directors shall submit for approval of the Shareholders' Meeting a capital increase for a maximum of 1 million shares of Reig Jofre, representing 1.5% of the company's share capital.

Following the approval, if applicable, of such dividend by the Shareholders' Meeting, the board of directors shall approve its execution, as well as all the operational details thereof, at which time a new Relevant Fact will be issued with all details concerning amount, deadlines and procedure.
